

Yud Kislev – י' כסלו

Did you know, The Mitteler Rebbe was in jail for one month and ten days. He was informed of the government's decision to free him, while he was reciting the verse from Tehillim chapter 55, "פדה בשלום נפשי- He has saved my soul in peace."

Finally, The Mitteler Rebbe sat down to say a Maamar in public for the first time in months. Ever since, the event has been celebrated on that date by the Chabad-Lubavitch community.

Cut the door open. On one side of the door write who was freed from prison. And on the other side write what was the Hebrew date of this event
